PRESS RELEASE

Consumers First Title Announces Approved Closing Agent for Regions Mortgage

Coral Springs, FL February 19, 2008: Consumers First Title Company today announced that it has completed and met the requirements of Regions Mortgage and is approved to be a closing agent vendor.

"Without this designation, you cannot close a real estate transaction where Regions Mortgage is the lender. We have met Regions guidelines and have agreed to conduct their closings in accordance with their general and specific closing instructions. We feel it is important to make sure that we are qualified to close with whomever our customers decide to request a loan with. It also supports our history of years in the business as well as attests to our high qualifications to close real estate transactions within the State of Florida," noted Tom Streda, President of Consumers First Title.

Headquartered in Coral Springs, FL, Consumers First Title Company, Inc. is a full service Escrow, Title and Settlement Company specializing in commercial and residential real estate closings. The company is underwritten by both Old Republic National Title Company and Fidelity National Title Insurance Company.
